

Course requirements for Analysis 1, Fall semester, 2019/20.

To be eligible to take the final exam at the end of the semester you will first need to fulfill the following audit requirements.

1. Attend at least 70% of the classes.
2. Achieve a total of at least 60% for the hand in homework.
3. Score at least 40% on each of Midterm Tests (MT) 1 and 2. In case of failure you can repeat each test once in the last week of the semester. In case of further failure, you can still repeat each test once more in the first week of the exam period (but there is some administration necessary for this).

The significance of fulfilling the audit requirements is that if you happen to fail the final exams, you don't need to go through all the homeworks and midterm tests again next year: you can proceed directly to the exams. But if you do not fulfill the audit requirements above, you will need to start from the scratch next year. In addition to the above requirements you will need to take Final test (FT) at the end of the semester and score at least 40%.

Final grade will be determined as follows: Homework: 20 points, MT1 20 points, MT2 20 points, FT 40 points.

Grading policy: 0-39 Grade 1 (fail), 40-54 Grade 2, 55- 69 Grade 3, 70- 84 Grade 4, 85-100 Grade 5.
